

*Sustainable
Ergonomic
Aesthetic*

For 20 years, the spirit of innovation and the experience acquired with our customers have allowed Grad® to establish itself as a product of excellence among users, landscapers and architects.

Our solid foundations and dedicated teams allow us to continually develop an intelligent, durable, ergonomic and aesthetically pleasing system, which is now exported worldwide.

Depuis 20 ans, l'esprit d'innovation et l'expérience acquise avec nos clients ont permis à Grad® de s'imposer comme un produit d'excellence auprès des utilisateurs, paysagistes et architectes.

Nos fondations solides et nos équipes dévouées nous permettent de développer chaque jour un système intelligent, durable, ergonomique et esthétique, qui s'exporte aujourd'hui dans le monde entier.

Seit fast 20 Jahren perfektioniert das Grad-Team das unsichtbare Befestigungssystem mit dem Grad®-Clip.

Durch den Innovationsgeist, die Vision eines nachhaltigen Produkts und die Erfahrungen unserer Kunden, entwickelt Grad® sein intelligentes, vielseitiges und einfach zu bedienendes System ständig weiter.
