

# LUNAWOOD

Interior

# Haptic properties

Premium appearance

**Acoustically functional**

A close-up photograph of a baby's hand resting on a wooden surface made of parallel slats. The hand is positioned in the upper right quadrant, with fingers slightly spread. The skin is light and smooth. The wooden slats are a warm, medium-brown color with visible grain and texture. The lighting is soft and even, highlighting the tactile quality of the wood.

Pleasant to touch

The pure scent of nature

# Coherent design throughout the spaces
