Possible color degradation of the laminate under UV rays in outdoor conditions.

This product is delivered oversized at 2450 x 1230 mm with a final size of 2440 x 1220 mm.

CE marking and certifications on demand: PEFC.

We challenge the ordinary by making three simple promises:

All products in this brochure are available per ONE pack*, which creates an easier sell for you.

We keep you informed about the actual lead times of our product ranges**, so you can inform your customers.

We have Quickship items ready in stock for you**, so you can quickly deliver your customers.

Personalized solutions: products not included in the brochure are available upon request.

** If combined with other products to full truckloads.*

*** See Quick Ship service page for more details. Minimum order of one truckload.*

The figures included in this brochure are strictly to provide information and have no contractual value. The sizes, dimensions, thicknesses, packaging and number of plies may vary without prior notice based on new developments, technological advancements or market needs. The buyer is responsible for deciding whether each Garnica product is suitable for the desired application and ensuring that the way in which it is stored and used are in compliance with the manufacturer's instructions, suggestions, and all applicable current regulations.

Some specific items may not be available in your area, please check with your sales representative.
